ILLINOIS STATE BOARD OF HEALTH.

To His Excellency, JOHN P. ALTGELD, Governor:

SIR:—In conformity with the Twelfth Section of the Act to Create and Establish a BOARD OF HEALTH in the State of Illinois, approved May 25, 1877, I have the honor to submit to you the accompanying Report for the year 1893.

Very respectfully,

J. W. SCOTT, M. D.,

Secretary.

MEMBERS AND OFFICERS OF THE BOARD—1893.

W. A. HASKELL, A. M., M. D., Harv., Alton, *President*.

R. LUDLAM, M. D., Chicago.

A. L. CLARK, M. D., Elgin, *Treasurer*.

W. R. MACKENZIE, M. D., Chester.

D. H. WILLIAMS, M. D., Chicago.

B. M. GRIFFITH, M. D., Springfield.

F. W. REILLY, M. D., Chicago, *Secretary*.

[Dr. HASKELL resigned January 10, 1893. Dr. LUDLAM's term expired December 30, 1892; vacancy filled by appointment of Dr. VINCENT, February 27, 1893. Successors to Drs. HASKELL, CLARK, MACKENZIE, WILLIAMS and REILLY took their seats as members at the July meeting and thereafter, during 1893, the members and officers of the BOARD were as follows:]

WILLIAM E. QUINE, M. D., Chicago, *President*.

JOHN A. VINCENT, M. D., Springfield.

GEORGE THILO, M. D., Chicago.

B. M. GRIFFITH, M. D., Springfield, *Treasurer*.

SARAH HACKETT STEVENSON, M. D., Chicago.

JAMES B. MCFATRICH, M. D., Chicago.

JULIUS KOHL, M. D., Belleville.

J. W. SCOTT, M. D., Chicago, *Secretary*.

ABSTRACT OF PROCEEDINGS

OF THE

ILLINOIS STATE BOARD OF HEALTH, 1893.

ABSTRACT OF THE PROCEEDINGS
OF THE
ILLINOIS STATE BOARD OF HEALTH,
AT ITS
MEETINGS DURING THE YEAR 1893.

ANNUAL MEETING, SPRINGFIELD, JANUARY, 1893.

THE Sixteenth Annual Meeting of the STATE BOARD OF HEALTH OF THE STATE OF ILLINOIS was held in the office of the BOARD in the Capitol at Springfield on Wednesday, the 25th day of January, 1893.

Present: Drs. A. L. Clark, B. M. Griffith, D. H. Williams and the Secretary, F. W. Reilly.

The Secretary called the BOARD to order and announced that Dr. W. A. Haskell, the President, had resigned and that his resignation was accepted January 10th inst. He therefore moved, and the motion was duly seconded and carried, that Dr. Griffith preside over the present meeting.

Owing to the presence of attorneys from a distance, representing parties in cases under the Medical Practice Act, the regular order of business was dispensed with and these cases were taken up for consideration during the morning session.

Upon the resumption of the regular order, the Secretary presented certain correspondence between the Commissioner of Health of the city of Chicago and the STATE BOARD OF HEALTH concerning the inspection of immigrants. The Commissioner

complains "that certain of the railroads are not acting in good faith in this matter," and adds that he finds it exceedingly difficult to obtain any timely information of a reliable nature as to the approach of immigrants and the time of their arrival on three different roads. The Commissioner asked that some assistance be given him by the STATE BOARD.

The Secretary said that he had consulted with the resident member of the BOARD, Dr. B. M. Griffith, and, as a result, the Health Commissioner of Chicago had been authorized to employ three inspectors, one each on the Lake Shore, the Nickel Plate and the Erie Railroad (this latter including the Michigan Central), to ascertain whether these roads are carrying immigrants into the State of Illinois. Dr. Ware had been also advised that, "As soon as it is determined from the reports of the inspectors that these roads are carrying immigrants into the State, the BOARD will take action to secure full and timely information of the arrival of immigrant-carrying trains so that they may be met and properly inspected."

After a discussion of the inspectors' reports, which were submitted to the members, it was

Ordered, That the Secretary is instructed to notify managers of railroads entering Chicago and carrying immigrant passengers that they are expected, in their own interest, to cooperate fully and in good faith with the efforts of the Health Department of the city of Chicago to prevent the introduction of Asiatic cholera, small-pox and other contagious and infectious diseases by such passengers.

That, to this end it is necessary that the Chicago Health Department receive information as to the movement of trains carrying such passengers in time sufficient to allow of their being met at such distance from the city as will permit of their thorough inspection before arriving within the city limits.

That, if any road, after the receipt of this notification, shall fail to furnish the necessary information, its trains shall be met at the State line and taken charge of by a deputy sheriff, who shall hold such trains subject to the orders of the Chicago Health Department.

The Secretary stated that the attorneys of the BOARD, Messrs. Moran, Kraus and Mayer, in the mandamus suit of the National Homeopathic Medical College, advised that the BOARD should resume its investigation of the college, which investigation was suspended when the suit was begun.

On motion of Dr. Clark, duly seconded, the Chair appointed the Secretary, with authority to add other members, as a committee to pursue the investigation. The Secretary was also instructed to advise the Secretary of the college of this action of the BOARD.

Under the regular order of business, upon the call for the annual election of officers, the Chair suggested that it might be advisable to postpone the election until the vacancies in the membership of the BOARD had been filled. It was thereupon

Ordered, That the annual election of officers be deferred to an adjourned session of this January meeting.

On motion of Dr. Williams, duly seconded, the Chair appointed Drs. Williams, Clark and Reilly a committee to draft a suitable expression of the sentiment of the BOARD touching Dr. W. A. Haskell and his services.

Dr. Clark presented his reports as Treasurer for the quarter ended September 30, 1892; for the fiscal year ended September 30, 1892; and for the quarter ended December 31, 1892; and asked that some other member of the BOARD be appointed as a member of the committee to audit said reports.

Dr. Reilly was named by the Chair to serve on the committee.

The committee subsequently reported that it had examined the Treasurer's reports, had found them correct, and, upon its recommendation, they were ordered to be spread upon the Book of the Minutes.

Adjourned, subject to the call of the Secretary.

QUARTERLY MEETING, CHICAGO, APRIL, 1893.

THE regular quarterly meeting of the STATE BOARD OF HEALTH—being also the adjourned session of the January, 1893, meeting—was held at the Grand Pacific hotel in the city of Chicago, April 26-27, 1893.

Present: Dr. A. L. Clark, Dr. W. R. Mackenzie, Dr. B. M. Griffith, Dr. John A. Vincent and the Secretary, Dr. F. W. Reilly.

Dr. Griffith called the BOARD to order and the Secretary, before calling the roll, introduced Dr. Vincent, of Springfield, appointed February 27 to succeed Dr. Ludlam, whose term expired December 30, 1892.

The minutes of the December, 1892, and of the January, 1893, meetings of the BOARD were read and approved.

The Secretary reported a number of communications for the information and action of the BOARD. Among these was one from the Hon. Frank Wenter, President of the Board of Trustees of the Sanitary District of Chicago, asking that such authority be given to the Sanitary Superintendent of the District, Dr. William Martin, as the STATE BOARD might be able to confer "in order to make his work more effective in enforcing necessary sanitary measures along the route of the main channel now being constructed through the DesPlaines valley." It was

Ordered, That Dr. William Martin be appointed Sanitary Inspector of the STATE BOARD OF HEALTH, with power and authority to enforce all necessary measures for the proper sanitation of the right of way of the Chicago Sanitary District.

A communication from Dr. Martin requested the BOARD to define the minimum cubic space per capita in the bunk-houses occupied by the laborers at work on the main channel of the Sanitary District.

The Secretary said that "In the London metropolitan lodging houses, 30 superficial and 240 cubic feet are allowed; in the station-houses of the metropolitan police, 50 superficial and 450 cubic feet are given. The Local Government Board allows 300 cubic feet for every healthy person in dormitories and from 350 cubic feet and upward as far as 1,200 cubic feet, according to

circumstances, for every sick person. In Dublin an allowance of 300 cubic feet is required in registered lodging houses. Other customary amounts of cubic space per head are: 1,000 in middle-class houses, 500 in good secondary schools, and 212 in one-roomed houses.”*

In his *Ventilation and Heating* (1884) Dr. John S. Billings prescribes—

In a common lodging or tenement house.....	300 cubic feet
In a school-room.....	250 “
In a barrack dormitory for soldiers or police.....	600 “
In an ordinary hospital ward.....	1,000 “
In a fever or surgical ward.....	1,400 “

After some discussion the following resolution and order was adopted:

Resolved, That, for the proper protection of the health of laborers, workmen and others, the STATE BOARD OF HEALTH of the State of Illinois hereby orders and ordains that the air-space in the sleeping quarters of bunk-houses or other structures in which workmen, laborers and others are housed by employers or contractors shall be not less than two hundred and fifty (250) cubic feet for each occupant of such bunk-house or structure; and it is further ordered that the Sanitary Inspectors of the BOARD shall enforce this resolution in cases within their purview.

With reference to the Immigrant-Inspection Service at the City of Chicago, the Secretary read the following correspondence:

No. 49858.

SPRINGFIELD, ILL., March 31, 1893.

His Excellency the Governor:

SIR:—The STATE BOARD OF HEALTH is in receipt of advices from the Health Department of the City of Chicago to the effect that, owing to the reduction of its estimates, it will be impossible for that Department to maintain unaided its system of inspection of immigrants arriving in Chicago, and the assistance of the STATE BOARD OF HEALTH is asked.

These inspections are relied upon to prevent the introduction of Asiatic cholera, small-pox and other epidemic or malignant disease, and, in the judgment of the BOARD, they should be continued.

It is, therefore, recommended and advised that such assistance as, after due investigation, may be found necessary to maintain the immigrant-inspection system at Chicago be authorized—the expense thereof to be defrayed from the contingent fund appropriated for such and kindred purposes.

Very respectfully,

F. W. REILLY, M. D.,

Secretary.

EXECUTIVE OFFICE, March 31, 1893.

F. W. REILLY, M. D., *Secretary* ILLINOIS STATE BOARD OF HEALTH:

MY DEAR SIR:—I have your favor of this date, advising me that the Health Department of the city of Chicago, because of reduced estimates, is about to discontinue the inspection of the immigrants arriving in that city. It seems to me to be of vital importance that every possible precaution should be taken to keep our State absolutely free from all epidemics and contagious diseases, not only for the protection of our own people, but

to give confidence to the people of the other countries of the world, whom we have invited to visit us during the coming summer; and, inasmuch as it is reported that Asiatic cholera is now raging in one or more of the ports of Europe, where some of the emmigrants are liable to embark, I approve of the recommendation of your BOARD to have the State do what is necessary to maintain the immigrant-inspection system, and I would suggest that you take such steps at once, as, upon a thorough examination, may be found necessary.

Very respectfully.

JOHN P. ALTGELD,

Governor.

The Health Commissioner of Chicago was duly advised of the Governor's approval and had been authorized to select and appoint eight inspectors, who should receive pay at the per diem rate of two dollars and a half (\$2.50) for each day of actual service, the expense to be defrayed out of the contingent fund of the STATE BOARD OF HEALTH.

Dr. John D. Ware, ex-Health Commissioner of Chicago, who was present by invitation, spoke briefly of the work done by the immigrant inspectors and of the difficulty he had met with in the case of one or two roads that uniformly failed to notify the inspectors of the arrival of trains in season for meeting and inspecting them.

The Secretary was instructed to confer with the sheriff of Cook county as to placing deputy sheriffs at the disposal of the immigrant-inspection service.

The Secretary reported the status of the National Homeopathic Medical College suit. The first petition, filed by ex-Governor Hamilton, attorney for the college,—and which was for a writ of mandamus to compel the BOARD to recognize the diplomas of the National Homeopathic and to issue State certificates to its graduates,—was held bad upon argument of a demurrer to the answer of the BOARD. Thereupon the attorney took leave to amend. The BOARD demurred to his amended petition and the court sustained the demurrer. Again he took leave to amend and to his second amended petition, the BOARD answered, to which answer he demurred. His demurrer was overruled and upon his electing to stand by his demurrer the court dismissed his petition. Ex-Governor Hamilton thereupon gave notice of an appeal from this judgment of the court, and so the case stands at this date.

A committee representing the Physio-Medical College of Chicago presented themselves at the afternoon session and asked for a hearing with regard to the recognition of that institution and the application of the five-year rule thereto. The committee, consisting of Drs. H. J. Treat, W. H. Cook and F. O. Broady, presented a paper setting forth that the college was, in effect, the former Chicago Physio-Medical Institute, changed only in name. A paper was also presented by Dr. Broady defining "physio-medicalism." The Secretary moved that the papers be

filed with the BOARD for consideration and, after some further verbal explanation and statements from the representatives of the college, it was

Ordered, That a committee be appointed to investigate the Physio-Medical and to report to the BOARD at its next meeting.

The Chair appointed as such committee Drs. Vincent, Williams and Reilly.

The Secretary reported that he had attended the International Conference of State and Provincial Boards of Health, held in the city of New York, April 5th, 6th and 7th; that he had found a decided sentiment in favor of action independent of the National Government by a league of State Boards; that early in the conference he had taken the position that the act of Congress of February 15, 1893, gave the United States Marine Hospital Service ample power and authority with a sufficient appropriation to establish and maintain a thorough and efficient inspection service and that as this power would become operative May 1st, prox.—rules and regulations therefor already being framed—it would be wise for the Conference and the Boards comprising it to wait until these rules and regulations had been published; then, if they seem well adapted for the purpose, as they probably would, to coöperate with the Marine Hospital Service in carrying them out rather than attempt an independent system of inspection at State lines. Such an attempt, he ventured the opinion, would be expensive, inefficient and annoying. The majority of the Conference did not share his views and resolutions embodying them, prepared by the Sanitary Council of the Mississippi Valley, were rejected by the Conference.

The Secretary then read his answers to questions propounded by the Conference concerning the work of the ILLINOIS STATE BOARD OF HEALTH in connection with the threatening invasion of Asiatic cholera.

Various sanitary propositions were discussed by the BOARD and provisional action was had upon the measures necessary for the protection of the State from an invasion of Asiatic cholera. In the event of favorable action by the Secretary of the Treasury upon the request to reestablish an immigrant-inspection service, on the lines of a similar service maintained in 1882-83, it was decided that no necessity would exist for special effort or expenditure by the State. If, however, the Federal Government refused to act, it was the sense of the BOARD that the Governor should be memorialized to request the legislature to make a contingent appropriation adequate for the proper protection of the State.

The Secretary was instructed to secure the earliest information from Washington on this subject and was authorized to act in accordance therewith.

At the following morning's session—Thursday, April 27,—the Secretary resumed the subject matter of his report.

Recognition of Degrees other than that of M. D.:

Dr. G. Walter Barr, Corresponding Secretary, College of Physicians and Surgeons, Keokuk, Ia., writes the BOARD inquiring, "What credit can colleges conforming to your schedule of minimum requirements give upon three courses of lectures to persons holding the degree of Ph. G. or D. D. S. or V. S. from colleges recognized by the profession as of creditable standing? What can be allowed persons holding a certificate as a registered pharmacist from the proper State Board, and what to persons holding your license to practice obtained by examination? What about such licenses issued by other Boards having similar rules or laws regulating the practice of medicine and pharmacy?"

After some discussion, on motion of the Secretary, duly seconded, it was

Resolved, That, on account of the great disparity which exists in the requirements for graduation in colleges of dentistry, pharmacy and veterinary science in the United States and Canada, the ILLINOIS STATE BOARD OF HEALTH declines to recognize the degree of Ph. G., D. D. S., or V. S., as the equivalent of any part of the minimum requirements fixed by the BOARD as characterizing a medical college in good standing within the meaning and intent of the Illinois Medical-Practice Act.

The Secretary was further instructed to reply to the other queries:

First: That this BOARD does not recognize a registered pharmacist as on a different plane from any other non-graduate in medicine.

Second: That as to "persons holding certificates of examination," the BOARD holds that they should establish the fact of four years of study and three full courses of lectures before being granted the degree of M. D.

Third: That the ILLINOIS BOARD does not recognize the certificate or license issued by other Boards as the basis for the State certificate entitling to practice in Illinois, since the Illinois law specifically defines the basis for the Illinois certificate.

The Secretary presented the following summary history and correspondence in the case of G. S. Wilson, of Nokomis, Ill.:

On July 9, 1892, G. S. Wilson, of Nokomis, filed an application for the State certificate entitling to practice medicine in Illinois, presenting a diploma of the Columbus Medical College, dated March 3, 1892, as the basis of said application.

The Columbus Medical College being at that time under investigation by the BOARD, Wilson was notified on July 11 that his application would be referred to the BOARD for action at its next meeting, July 27. On August 1, the Secretary, in compliance with the BOARD's instructions, notified Wilson that the State certificate would be issued him upon his passing an examination before the BOARD on theory and practice of medicine, surgery, obstetrics and gynecology. Wilson came to the Secretary's office and wrote out his examinations, which were sent to members and returned by them rated as follows: Practice, 30; obstetrics, 15; surgery, 50; gynecology, 60—making an average of 38.75 per cent. instead of 80

per cent. required. Thereupon he was notified of his failure to pass and his fee and diploma were returned to him, August 23, 1892.

On September 19, he addressed a letter to the Secretary, of which the following is a verbatim copy:

"NOKOMIS, ILL., Sept. 19, 1892.

"Dr. F. W. Reilly,
Springfield, Ill.

DEAR DR., I write a few lines I have received my diploma in good condition I write to you to see if you will not withdraw your Decision and grant me a Certificate as I have property in Rosamond, Ill. and Intended to move. as there is no Dr in that place the people requests me to write to you to see if there cannot be some thing done as they are greatly in need of a Dr. they had one man there and he got into trouble and is under Bond and he cannot do anything as there is a great amount of sickness and they ar 6 miles from any Dr. I have made arrangements to take another term at the Starling Med. College of Columbus I want to start on the 26 of this month if you will not with draw your Decision and give me another chance It will only be a Repetition of what I have had If you can do any thing for me do it and I shall be ever so much oblige to you and I will make you a Present of \$25.00 if you will do so.

Yours truly G. S. WILSON, M. D.

Nokomis, Ill.

N. B. Please send me some more blanks to fill out. Please let me know as soon as possible."

To this communication no reply was made, and nothing further was heard of "G. S. Wilson, M. D., of Nokomis, Ill.," until the receipt of a letter from Dr. J. F. Baldwin, Chancellor of the Ohio Medical University of Columbus, O., upon whom Wilson had called "to see about taking a course of instruction with us."

"He informed me that he graduated from the Columbus Medical College after two courses of lectures, last spring; that you refused to register him because he had graduated at a school requiring only two courses of instructions, but that he submitted to an examination by your BOARD and failed to receive the required grade. He does not wish to attend lectures and again graduate from a school whose diplomas will not be received by your BOARD. * * *

"Dr. Wilson also wishes to know whether the diplomas of the College of Physicians and Surgeons of St. Louis, are admitted to registration. It seems that he lives near St. Louis, and if neither of the Columbus colleges is in position to give the desired diploma, he desires to go where there will be no question as to the registration of his diploma."

To this the Secretary replied:

"Concerning Wilson—I do not see that any other answer is necessary than the following extract from a letter of his dated Nokomis, Ill., September 19, 1892, and addressed to the Secretary of the ILLINOIS STATE BOARD OF HEALTH. [Here follows the conclusion of Wilson's letter above printed, beginning with the sentence: "I have made arrangements to take another term at the Starling Medical College of Columbus."]

"It is needless to say that Dr. Wilson's letter has not been replied to. It is on file in this office as proof of "unprofessional and dishonorable conduct," which, under the law, will justify the BOARD in refusing him a State certificate, no matter what diploma he may present."

Subsequent communications from Wilson have been received, acknowledged and placed on file and on April 1, 1893, during an absence of the Secretary, Wilson came to the office of the BOARD and filed another application for the State certificate—based this time upon the diploma of the Medical College of Indiana. Upon inquiry as to whether he was the same 'Dr. Wilson, of Nokomis, Ill.," to whom the BOARD had declined to grant

a State certificate in 1892, he replied that he was the same. He was then informed that in the absence of the Secretary no State certificate could be issued, but that his application and the other papers in the case would be referred to the Secretary immediately upon his return. Being pressed by Wilson for an opinion as to whether the Secretary would issue the certificate, the Chief Clerk read to Wilson the Secretary's letter to Dr. Baldwin, dated October 6, 1892, and which has already been quoted.

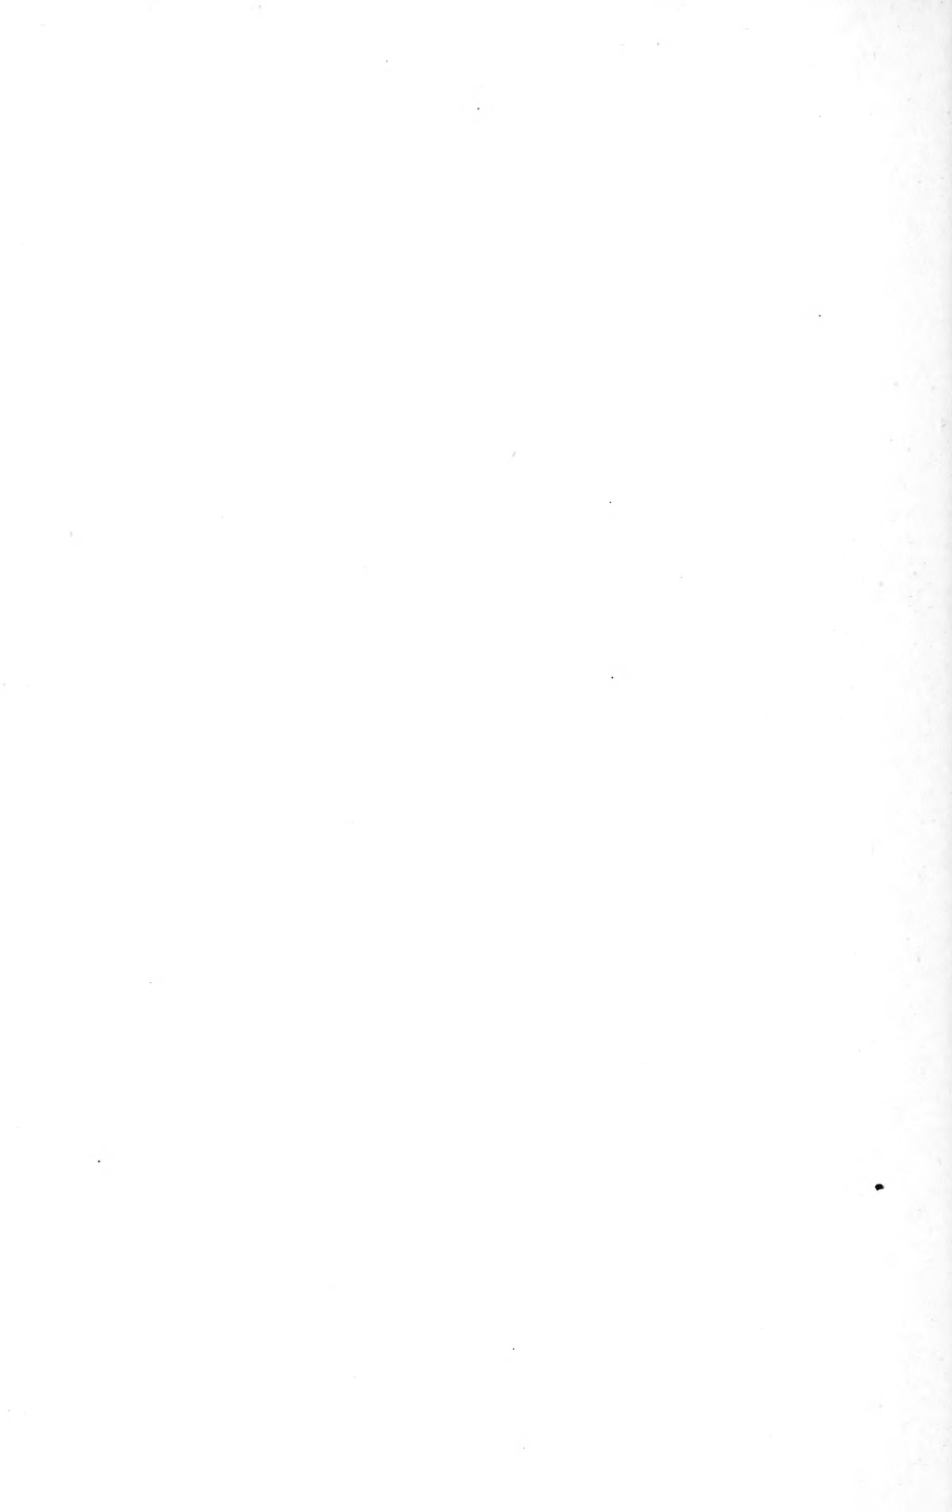

The matter, together with Wilson's affidavit and all papers in the case, was referred to the BOARD which, after further examination and upon the request of the Secretary, ordered that Wilson be notified that the BOARD declines to issue him the State certificate upon the ground that his letter of September 19, 1892, could not be construed otherwise than as the offer of a bribe.

Before adjourning for dinner, Dr. Williams moved a suspension of the rules so as to proceed to the election of officers. The motion was seconded, whereupon Dr. Griffith asked Dr. Clark to the chair and opposed the action at this time for the reason urged at the January meeting, to-wit: That it was "advisable to postpone the election of officers until the vacancies in the membership of the BOARD had been filled." The question on Dr. Williams' motion being ordered, the motion was adopted and the rules suspended.

Dr. Clark nominated Dr. Vincent for President, and the question being put, Dr. Vincent was declared elected President for the remainder of the term.

On motion of Dr. Williams, seconded by Dr. Vincent, the present Secretary and Treasurer were continued.

At the afternoon session, the representatives of the Hering Medical College being present and awaiting, by appointment, a hearing of their claims for the recognition of that institution, Dr. H. C. Allen, President of the Hering faculty, addressed the BOARD at considerable length and was followed by Judge Longenecker, one of the trustees of the college, who made an elaborate legal argument against the validity of the five-year rule of the BOARD. After a discussion of nearly three hours' duration, further consideration of the matter was postponed pending the receipt of a written copy of Judge Longenecker's argument and at 5:30 P. M. the BOARD adjourned its regular quarterly meeting.

QUARTERLY MEETING, CHICAGO, JULY, 1893.

The regular quarterly meeting of the ILLINOIS STATE BOARD OF HEALTH was held at the Grand Pacific hotel in the city of Chicago, July 5-6, 1893. Present: Dr. John A. Vincent, President, Dr. George Thilo, Dr. William E. Quine, Dr. B. M. Griffith, Dr. Sarah Hackett Stevenson, Dr. James B. McFatrigh, Dr. Julius Kohl, together with the Secretary, Dr. F. W. Reilly.

The President announced the new members, Dr. George Thilo, Chicago, succeeding Dr. Reilly; Dr. William E. Quine, Chicago, succeeding Dr. Williams; Dr. Sarah Hackett Stevenson, Chicago, succeeding Dr. Mackenzie; Dr. James B. McFatrigh, Chicago, succeeding Dr. Haskell; Dr. Julius Kohl, Belleville, succeeding Dr. Clark—for the respective unexpired terms.

In the regular order of business the minutes of the April, 1893, meeting of the BOARD were read and approved.

Referring to the letter—read and acted upon at the April meeting—of Dr. G. Walter Barr, of the College of Physicians and Surgeons, Keokuk, Ia., asking as to the recognition of the degrees of Ph. G., D. D. S. and V. S., as equivalents of any period of medical study, Dr. Quine said that some medical colleges did recognize these degrees and gave advanced standing thereon—that is, allowed their possessors to enter as second year students. He asked that the Secretary again read the correspondence on this subject as given in the minutes of the April meeting.

In the same connection the Secretary presented the case of the Cornell College of Mt. Vernon, Ia. Its president, Rev. W. F. King, asks that graduates of the Cornell College be credited with two years' work on a medical course. He had been informed, in reply, that the request would be presented to the BOARD at its next meeting and that he would be duly advised of its action when taken. The Secretary then read the circular letter of the BOARD dated June 6, 1891, defining the character of a science course such as the BOARD would accept as the equivalent of two years of study and one course of lectures.

The Secretary reported that in accordance with the instructions of the BOARD he had secured an opinion as to the rights of non-residents—in the application of one R. C. Flower, of Boston, Mass., for permission to appear before the BOARD for examination—and had advised Mr. Hunt, the attorney for Flower,

that, in accordance with this opinion, Dr. Flower is "authorized to appear for examination at the office of the BOARD in the city of Springfield, Ill., at his convenience." It was added that no response had been received to this notification. The following is the text of the opinion:

RIGHTS OF NON-RESIDENTS.

Article 4, section 2, of the Constitution of the United States, declares that "the citizens of each State shall be entitled to all the privileges and immunities of citizens in the several States."

What are the privileges and immunities of citizens of the several States? In delivering the opinion of the Court in the case of *Ward vs. Maryland*, 12 Wallace, 316, Mr. Justice Clifford said: "The clause plainly and unmistakably secures and protects the right of a citizen of one State to pass into any other State of the Union for the purpose of engaging in lawful commerce, trade or business without molestation." In a later case Mr. Justice Miller said: "Its sole purpose was to declare to the several States that whatever those rights, as you grant or establish them to your own citizens, or as you limit or qualify or impose restrictions on their exercise, the same, neither more nor less, shall be the measure of the rights of citizens of other States within your jurisdiction." 16 Wallace, 36. In a later case the Court said: "It is undoubtedly the right of every citizen of the United States to follow any lawful calling, business or profession he may choose, subject only to such restrictions as are imposed upon all persons of like age, sex and condition. This right may, in many respects, be considered as a distinguishing feature of our republican institutions." *Dent vs. State of West Virginia*, 129 U. S., 114. Judge Story says: "The intention of this clause was to confer on them (citizens of each State) a general citizenship and communicate all the privileges and immunities which the citizens of the same State should be entitled to under like circumstances. Story's Com. see 1606. See also: 18 Howard 591, 19 Howard 393, 8 Wallace 123, 8 Wallace 168, 10 Wallace 173, Baker's Annotated Con. U. S. 156. The case of *Bradwell vs. Illinois*, 16 Wall. 130, does not conflict with the rule as laid down above. The plaintiff being a citizen of the State of Illinois this provision of the Constitution gave her no protection against its courts or its legislation."

"Examinations of persons not graduates or licentiates," must be "made" by the BOARD at meetings of the BOARD, due notice of which have been published. The BOARD and the BOARD only can examine applicants. Section 4 of the Medical-Practice Act declares that these examinations "shall be made directly by the BOARD." Section 1 declares that the applicant "shall present himself before said BOARD and submit himself to such examination as the BOARD may require. Section 2 provides that in selecting places to hold its meetings the BOARD must accommodate as far as is reasonable, applicants residing in different sections of the State. These three sections clearly indicate that it was the intention of the legislature to provide for fair and impartial examination by requiring the BOARD itself to conduct the examinations.

The meetings at which applicants may present themselves for examination should be held with reasonable frequency. Due consideration should be taken of the number of applicants, the time that has elapsed since the last meeting, the time that will elapse before the next regular meeting, etc. The courts will sustain the BOARD so long as it does not abuse its power.

The Secretary presented Mr. E. S. Smith, of Springfield, ex-Assistant Attorney General, and explained that Mr. Smith had been retained by the Hering Medical College to represent its interests before the STATE BOARD OF HEALTH. The Secretary

gave a brief verbal review of the Hering Medical College matter and said that after the adjournment of the April meeting he had a lengthy interview with the President of the Board of Trustees of the College, Mr. Talford Burnham, during which Mr. Burnham had expressed his approval of the five-year rule and gave the Secretary assurance that the Hering would not antagonize the BOARD on this point, but would send up its graduates for examination.

Mr. Smith wished to be heard on behalf of the college, and on motion of Dr. Quine, duly seconded, it was ordered that he might appear before the BOARD for that purpose at 2 o'clock P. M., provided that the legal representatives of the college, to-wit: The President of the faculty and the President of the board of trustees, be present.

The Secretary then presented the following correspondence in connection with the Immigrant Inspection Service:

No. 50995.

SPRINGFIELD, ILL., June 15, 1893.

DEAR DOCTOR:—Enclosed please find copy of a communication this day addressed to the Governor. The instructions referred to were given to me verbally by the Governor on the occasion of his approving the pay-roll of the inspectors for the month of May.

The object in sending you a copy of the letter to the Governor is to afford you an opportunity of tendering to the Governor such "recommendation and advice" on the subject as you may see fit. The act making appropriations for the STATE BOARD OF HEALTH includes "Also the sum of ten thousand dollars (\$10,000) as a contingent fund, to be used only with the consent and concurrence of the Governor, upon the recommendation and advice of the BOARD, in case of the outbreak or threatened outbreak of any epidemic or malignant disease, such as Asiatic cholera, small-pox, yellow fever," etc.

Governor Altgeld's instructions to me clearly indicate that he will withhold his "consent and concurrence" to any further expenditure of this fund for the maintenance of an immigrant-inspection service at Chicago—unless, possibly, the members of the BOARD should unanimously recommend and advise to the contrary. Such recommendation and advice should be addressed directly to His Excellency.

Respectfully,

F. W. REILLY, M. D.,

Secretary.

Dr. John A. Vincent, President ILLINOIS STATE BOARD OF HEALTH, Springfield, Ill.

(Copy sent to each member of the BOARD.)

No. 50993.

SPRINGFIELD, ILL., June 15, 1893.

His Excellency, the Governor:

SIR:—Unless your instructions of the 5th inst. concerning the immigrant-inspection service at Chicago are modified by you before the 20th inst., the Chicago City Health Department will, in accordance with said instructions, be notified on that date that the maintenance of the service by the State will be discontinued at the close of the present month.

Very respectfully,

F. W. REILLY, M. D.,

Secretary.

No. 51047.

SPRINGFIELD, ILL., June 20, 1893.

SIR:—I am instructed by His Excellency, the Governor, to notify you that the maintenance, by the State, of the immigrant-inspection service at the city of Chicago will be discontinued at the close of the present month.

Very respectfully,

F. W. REILLY, M. D.,

Arthur R. Reynolds, M. D., Commissioner of Health, Chicago, Ill.

No acknowledgment of the receipt of the latter communication has been received.

The cost of maintaining the Immigrant-Inspection Service at Chicago from January 11 to February 28, inclusive, and from April 1 to June 20, inclusive, has been \$2,120.95, and there is to the credit of the contingent fund \$4,295.57, available until September 30, 1893.

Dr. Vincent having resigned the office of President, to which he was elected at the April, 1893, meeting, on motion of Dr. Griffith, seconded by Dr. Stevenson, the BOARD proceeded to perfect its organization by electing the following officers for the remainder of the current year:

Dr. William E. Quine, of Chicago, President; Dr. B. M. Griffith, of Springfield, Treasurer, and Dr. John W. Scott, of Chicago, Secretary.

Dr. Quine suggested the appointment of a committee to draft a suitable expression of opinion on the services of Dr. Reilly, the retiring Secretary, and it being so ordered, the President appointed as such committee, Drs. McFatrigh, Stevenson and Vincent.

The President requested Dr. Reilly to continue to act as Secretary until the close of the present meeting.

During the afternoon session the following committee were appointed:

To Audit Accounts: Drs. McFatrigh and Thilo.

On State Sanitation: Drs. Stevenson, McFatrigh and Thilo.

On the Administration of the Medical-Practice Act: Dr. Quine, Chairman, with power to complete. The Chairman subsequently named Drs. Thilo and Vincent as the additional members.

On the Revision of the STATE BOARD OF HEALTH and the Medical-Practice Acts: Drs. Griffith, Kohl, Vincent, Thilo and McFatrigh.

Resuming consideration of topics and cases presented by the Secretary, a summary of the case of G. S. Wilson, of Nokomis, was read, and at the request of Dr. Griffith, the Secretary read sundry letters endorsing Dr. Wilson.

At the conclusion of the reading, Dr. Griffith moved that the State certificate be granted Dr. Wilson on the diploma of the Medical College of Indiana.

The motion failing to receive a second, no action was had.

At the appointed hour, 4 o'clock P. M., the representatives of the Hering Medical College appeared. Mr. Talford Burnham, President of the Board of Trustees, made an address in which he admitted the correctness of the Secretary's statement as to the interview had with him, Mr. Burnham, on the evening of April 27 ult. Attorney Smith argued against the justice of the five-year rule and Dr. Allen, Dean of the Faculty, also spoke, promising full information concerning anything which would determine the standing of the college.

The following communication was also read from Ex-Judge Longenecker, of the Board of Trustees:

CHICAGO, July 6, 1893.

President State Board of Health, Springfield, Ill.:

DEAR SIR:—Mr. Smith, who represents the Hering College of Homeopathy, informs me that when he undertook to present their grievances before your BOARD, he was informed that I had been before the BOARD, and was to present a written argument in the case, which I had not done. That was the understanding I had at the time I was before the BOARD.

Since then, no one from the college has requested me to proceed, nor have I prepared anything, and you can consider me out of the case entirely, for it was more a friendly act than as an attorney that I appeared.

I know Mr. Smith to be an able lawyer and I understand he represents the college at this time, and I trust you will give him a hearing and not let the fact that I was before the BOARD stand in your way.

Very respectfully,

J. M. LONGENECKER.

At the conclusion of the reading, Dr. Griffith moved, and it was duly seconded, that the case of the Hering Medical College, with all papers, be referred to the Committee On the Administration of the Medical-Practice Act for investigation and report at the next meeting of the BOARD.

The application from the officers of the Physio-Medical College, asking for an interview at which they could present the claims of the college for recognition, was read and, at the suggestion of the Secretary, the college was informed that the BOARD is not ready for an interview, for the reason that it has recently received additional information concerning the college which will require further time for consideration, and the Secretary was notified to inform the Physio-Medical College of this action.

At the Thursday morning session Dr. William J. Gillette, of the Toledo, (O.) Medical College, presented himself on behalf of that institution, urging that the college be re-instated in the list of colleges in good standing. The application was referred to the Committee On the administration of the Medical-Practice Act and Dr. Gillette was requested to present his statement in writing.

A similar application for recognition by the Harvey Medical College was also referred to the same committee.

The Secretary read the following copy of a letter to the Dean of the Faculty of the Kentucky School of Medicine:

No. 51108.

SPRINGFIELD, June 27, 1893.

DEAR DOCTOR:—A number of your recent graduates have appeared before the BOARD for supplemental examination in accordance with the rule of the BOARD requiring such examinations of the graduates of all two-course schools.

It transpires that there are among these graduates men who were "plucked" at the recent Rush examinations for graduation, and that they have received the diplomas of the Kentucky School since their failure at Rush.

That is to say, the *prima facie* evidence is that they were granted diplomas by the Kentucky School in violation of its own requirement, to-wit:

"REQUIREMENTS FOR GRADUATION.

* * * * *

2. He must have attended two full courses of lectures, the last of which must have been in this institution."

As the Rush term did not close until March 28, while the Kentucky School began February 1, it is clearly impossible that a student who attended the Rush School until its close had also attended a "full course" at the Kentucky School which began as above stated, February 1.

The result of the examination in these cases will be laid before the BOARD,—together with the statements of the applicants,—at the forthcoming meeting, July 5, 1893. The meeting will be held at the Grand Pacific hotel, in the city of Chicago.

Very respectfully,

F. W. REILLY, M. D.,

Secretary.

W. H. Wathen, M. D., Dean, Kentucky School of Medicine, Louisville, Ky.

Dr. Wathen's reply was laid before the BOARD and, the explanation not being deemed satisfactory, on motion of Dr. Griffith, duly seconded, it was

Ordered, That the diplomas of the Kentucky School of Medicine subsequent to the session of 1893, be not recognized by the ILLINOIS STATE BOARD OF HEALTH as the basis for the State certificate; and that thereafter graduates of that institution must sustain satisfactory examination before the BOARD in all the branches of a medical education as set forth in the curricula of colleges recognized by the BOARD; and that this examination be held at the annual meeting for examination of non-graduates, in April of each year.

Representatives from the National Homeopathic Medical College presented themselves and were accorded a further hearing on the recognition of that institution. Dr. Duncan submitted a program for the next year and said that the college had been admitted to membership in the American Institute of Homeopathy. Mr. Barnes, in furnishing what is claimed to be the written matters asked for and agreed to be furnished on the 14th of March last, explained that the delay was occasioned

by the misapprehension of the college in assuming that recent changes in the STATE BOARD had left no committee to whom to furnish these matters.

On motion of Dr. Griffith, duly seconded, it was

Ordered, That the case of the National Homeopathic Medical College, together with all papers and the matters furnished by Mr. Barnes, be referred to a special committee of three, which committee shall resume the investigation suspended March 14, ult., and that the retiring Secretary of the BOARD be asked to act with said committee.

The President said that as Dr. Griffith was the sole remaining member of the original committee for investigation of this case he would appoint him, Dr. Griffith, as chairman of the committee with power to complete. Dr. Griffith subsequently added Drs. Kohl and Vincent to the committee.

Dr. Griffith, seconded by Dr. Kohl, moved to secure the service of Dr. Reilly in preparing an edition of the Report on Medical Education for 1893. It was so ordered.

At the suggestion of the retiring Secretary, Drs. Griffith and Vincent, the Springfield members of the BOARD, were appointed a committee which, together with the Secretary elect, Dr. Scott, should confer with the State Board of Contract Commissioners on the subject of the printing to which the STATE BOARD OF HEALTH is entitled under the law.

Dr. Stevenson, seconded by Dr. Griffith, moved that the retiring Secretary, Dr. Reilly, be authorized to prepare and publish an edition of 5,000 copies of a pamphlet of text explaining the sanitary exhibit at the World's Fair. It was so ordered.

In the matter of an application of one S. J. Bassett for a third duplicate of his State certificate—he alleging that the original and the two copies had been lost, destroyed or stolen—it was, on motion of Dr. Kohl, seconded by Dr. Griffith,

Ordered, That no duplicate copy of a State certificate shall be issued except upon the order of the BOARD made at some regular meeting.

The Secretary was instructed to notify Bassett that his application for an additional copy of his State certificate is refused.

The Secretary presented certain papers in connection with a graduate of the St. Louis Hygienic College of Physicians and Surgeons which, on motion of Dr. Stephenson, duly seconded, were referred to Dr. Kohl with instructions to make an investigation of the college and report at the next meeting.

The following letter from Dr. Bayard Holmes was referred to a committee consisting of Drs. Griffith, Stevenson and Kohl, for consideration and report at the next meeting:

CHICAGO, March 1, 1893.

F. W. REILLY, M. D., *Secretary STATE BOARD OF HEALTH, Springfield, Ill:*

MY DEAR DOCTOR:—I wrote you some time ago in relation to the plan which was then proposed by the College of Physicians and Surgeons, to give students who did work in the spring course opportunity to pass final

examinations upon such work as they do in as large quantities as is now required in the winter course, to which you replied that you did not see any unfavorable criticism to make in regard to the matter.

On working over this matter, I decided on January 25 to recommend to the College the adoption of a plan to keep the College open the year round; divide the year into four quarters of twelve weeks each; allow students to begin their studies at the beginning of each of these quarters, with the same preliminary examination as we now require; leave the course of study as it now is; give the work in any one branch, which now is given during the whole winter term, inside a single quarter, thus practically requiring twice as many hours a week upon that branch as we now require; give a final examination in that branch at the end of the quarter; offer to students only one-half of our present winter course in each year's work during each of the quarters; require an attendance upon at least nine quarters for graduation; give credit for only three quarters in any calendar year; require a minimum of three and one-half calendar years from the beginning of medical study to the day of graduation, and a minimum of three calendar years between the day of matriculation and the day of earliest possible graduation.

The object of this arrangement is, as you see, to make the earning capacity of the College greater than it is at present. Our laboratories are built so as to accommodate from 100 to 220 men in any laboratory at one time. This practically limits each and every class of students to 100. We have now arrived at the point where during the winter our classes are about as large as we can accommodate. Thus we have reached our full earning capacity under the present arrangement.

This College, like most medical schools, has been closed during the summer so far as earning is concerned; but the clinics and other expenses have been going on about the same as during the winter. Our property is now worth at least \$120,000 or \$130,000, and it seems to me that we must manage some way to accommodate a larger number of students in order to even pay the interest upon the investment. You are probably aware that we are not paying a dollar to any teacher, and that no dividends have ever been declared or are ever expected to be declared, upon the stock of the institution. I hope that this project will increase the earnings of the institution.

Our course of study has grown to such a degree that in each week a student of some of the classes has as many as eight or nine different professors before whom he must go for lectures, laboratory work or clinics, and at the end of the year he is obliged to pass eight or ten final examinations. This the students have found to scatter their energies too much, and the short term is designed to concentrate the attention of the student upon not more than three or four studies at one time. The details of this plan I have worked out and presented to our faculty. They have considered the plan favorably and have appointed a committee to still further consider it and, if possible, put it into operation at the end of the present winter term.

I write you to-day in order to present the features of this proposed innovation to you and secure your approval, or to secure from you suggestions in regard to the matter. Will you be kind enough to give it your earliest possible attention, in order that I may present this letter with your reply at the next meeting of our faculty, which will probably occur on Tuesday, March 7th.

I am, very respectfully,

BAYARD HOLMES,

Secretary.

At the suggestion of Dr. Stevenson, the Secretary was instructed to prepare a letter of instructions to be forwarded to each member concerning the verification of diplomas presented by applicants for the State certificate.

Adjourned, subject to the call of the President and Secretary.

QUARTERLY MEETING, CHICAGO, SEPTEMBER, 1893.

PURSUANT to the call of the President and Secretary, the regular quarterly meeting of the STATE BOARD OF HEALTH of the State of Illinois was held at the Grand Pacific hotel in the city of Chicago, on Friday, September 15, 1893.

President: Dr. William E. Quine, President, Dr. B. M. Griffith, Treasurer, Dr. John A. Vincent, Dr. George Thilo, Dr. Sarah Hackett Stevenson, Dr. Julius Kohl, Dr. James B. McFatrigh and the Secretary, Dr. John W. Scott.

The minutes of the July, 1893, meeting were read and approved, after which the Secretary presented his quarterly report, which was read, received and approved.

SUMMARY OF THE SECRETARY'S REPORT.

During the September quarter there were received in the office of the Secretary about 2,300 written communications and 1,433 were sent out. Thirty-eight hundred copies of the circular on Zymotic Diseases in Chicago were distributed. Blanks to be used in making a sanitary survey were sent to 260 cities and towns of over 1,000 population just prior to the July meeting, with a circular letter signed by the late Secretary of the BOARD setting forth the objects and advantages of such a survey; later, another letter was addressed to the mayors or presidents of village boards of the same cities and villages urging the importance of the work and asking information as to its advancement.

In 1893-94 announcements of the Medical Colleges in the United States and Canada have been collected and abstracts of most of them have been made for use in the Report on Medical Education. Letters have been addressed to the Secretary of State of every State asking for lists of medical colleges or institutions to which charters have been granted; to the deans or registrars of one or more of the principal medical colleges in each State and to the Secretary of each Board of Health or Board of Medical Examiners, asking for the names of any new medical colleges that have been incorporated and for information concerning any medical legislation enacted since the publication of the last report. A mass of information has thus been accumulated which, properly digested, cannot fail to make the forth-coming report much more accurate and complete than any previously published.

Vaccination certificates have, upon request, been sent to the superintendents of schools of cities whose school boards require that each child be vaccinated before being admitted to the public schools. Only enough of these have been asked for, however, to emphasize the lack of vaccinal precaution against small-pox in the majority of cities and villages in the rural districts.

There have been received 173 applications for State certificates entitling to practice medicine and surgery in Illinois; 145 such certificates were issued to graduates of medical colleges, 2 upon examination and 1 duplicate to replace one lost by the United States Express Company. Of 151 certificates issued, 145 were to graduates of colleges recognized by the BOARD as in good standing and 6 to graduates of colleges whose diplomas are required to be supplemented by examination. Two applications were rejected, unconditionally, being based on "Feldsher" certificates, and 27 were rejected after supplemental examination. Four applicants, upon being informed that they must submit to a supplemental examination, withdrew their applications. Another has not yet responded and his papers are still on file. There were also issued to midwives, upon examination, 16 certificates; 12 of these being to graduates of reputable schools of midwifery; 8 were rejected upon examination.

Since the passage of the rule permitting graduates of medical colleges that do not fully conform to the practice of the majority of established medical institutions in good standing to supplement their diplomas by examination, 91 applicants, representing 17 institutions, have presented themselves for examination; 30 have passed and 61 have been rejected. Eleven applicants holding diplomas of foreign colleges have also submitted to examination. Eight of these have passed and three have been rejected.

Authority has been given for the prosecution of John Morgan, Dennis M. Desmond, John Kean and J. Levy, of Chicago, for practicing in violation of the Medical-Practice Act and for the prosecution of Jos. Dent, of Mitchellsville, and of H. Blunt and A. B. Cooper, for the same offense.

Contagious and Infectious Diseases:

As indicated by reports received the State has enjoyed during the quarter remarkable immunity from epidemics of all contagious and infectious diseases. No reports of the prevalence of typhoid-fever, small-pox, scarlet-fever, diphtheria, or any other preventable disease, with the exception of the few cases hereinafter mentioned, have been received and in all cases these were received in answer to inquiries by the Secretary.

The reports of Small-Pox existing in Chicago being meager and incomplete, Dr. Arthur R. Reynolds, Commissioner of Health, was requested to make a report of all cases, together with all information relating to them. From his report, received September 9, it appears that 14 cases occurred during the quarter, with 3 deaths. Of the remaining 11, 7 have been discharged and as nothing is said concerning the remaining 4, it is supposed they are still under observation and treatment. Of the 14 persons affected but 4 had been vaccinated; all of these had varioloid and recovered. The remaining 10 cases, in none of which vaccination had been done, were of the confluent variety. Of these 3 died, 3 recovered and 4 are still under treatment. In no case is the source of contagion mentioned. In closing his report Dr. Reynolds expresses his belief that the city is in danger of an epidemic of small-pox with the advent of cold weather.

During the coming autumn the danger of spreading the disease from Chicago throughout the State would be unusually great, owing to the fact that a very large number of people will visit the Columbian Exposition from all sections. In view of this threatening danger the Secretary advises that the BOARD authorize the issuing of a circular letter to the health authorities of all the cities and villages of the State, and to the County Superintendents of Schools of all counties, setting forth the recommendations of the BOARD concerning vaccination in the one case and its requirement as a condition of entrance to schools in the other.

Small-pox was also reported at Arthur in McHenry county. The disease ultimately proved to be varicella; but, pending the diagnosis, the usual small-pox precautions were recommended and observed.

Diphtheria was reported epidemic at Decatur, Macon county, and at Plainfield, Will county. Instructions and the circular letter of the BOARD on diphtheria were sent to the health authorities and letters to the local physicians asking full information regarding the outbreaks. Dr. W. J. Chenoweth responded from Decatur:

"The prevalence of diphtheria in Decatur has been greatly exaggerated. The physicians generally have urged attention to sore throats until many persons believe that every case of faucitis or tonsillitis is a case of diphtheria.

"There has been a neglect of sanitary precaution and the scare may do good. I am distributing the circulars."

From Plainfield Dr. D. W. Jump reports:

"Diphtheria was brought to our village from Joliet by a young lady resident returning from a visit to the latter place. She communicated it to other members of her family and they to another family before the nature of the disease was discovered. There have been three deaths—two in the first family and one in the other; and there are remaining one case in each family, both reported improving.

"The sanitary condition of the village is good. Both families are being quarantined and, as their homes are not in the immediate vicinity of others, I do not think the disease will spread."

Asiatic Cholera:

While the ravages of Asiatic cholera have continued unabated in Egypt, Arabia and most parts of the Russian Empire and the scourge has extended to and prevailed in almost every country in Europe, it appears from reports received that in those countries where advanced sanitary regulations have been observed and enforced and where the disease has been intelligently combated, that although in many instances the disease has invaded the country, its wide-spread dissemination has so far been prevented. Our own ports have been constantly threatened, but, up to the present time, we have escaped, and the harmonious working of the National and local authorities give assurance that our sanitary regulations will be fully maintained. The wisdom of the establishment of a system of inspection under the consular service at points of embarkation has been fully demonstrated.

The thoroughness and efficiency of the New York authorities, as shown in dealing with the passengers of the *Karamania*, and in excluding the disease from that port; the location and isolation of the sporadic case in Jersey City; the increased powers and vigilance of the Marine Hospital Service considered together with the lateness of the season indicate that we will entirely escape an invasion—at least for this season.

At the recent Pan-American Congress at Washington, the following resolution was adopted by a unanimous vote:

Resolved, That, in view of the prevalence of Asiatic cholera in Europe at the present time and the constantly increasing number of foci of infection, immigration from European countries in which cholera exists should be temporarily suspended, as this action affords, in our opinion, the only certain means of averting a threatened invasion of the American continent by the disease.*

* At the July, 1892, meeting of the STATE BOARD OF HEALTH, the Secretary reported the steps which had been taken to prevent the introduction of Asiatic cholera into Illinois. Among these was an appeal to the President of the United States, in the name of the BOARD and of the Health Department of Chicago, to "suspend immigration into the United States from all European and Asiatic ports pending the prevalence of Asiatic cholera in those countries." Efforts to this end were continued until, on September 1, 1892, the President issued his proclamation to that effect. A Washington dispatch of September 2, 1892, on authority of the Treasury Department, says:

"The adoption of measures for the suspension of immigration was urged by the Secretary of the STATE BOARD OF HEALTH of ILLINOIS and this appeal was endorsed by the Health Boards of Maine, New Hampshire, Vermont, Massachusetts, North Carolina, South Carolina, Florida, Kentucky, Wisconsin and the northwestern States generally. Since the order for a twenty-day quarantine against European and Asiatic ports was issued yesterday, telegrams approving the action of the government have come in from all parts of the country."

Anthrax:

On August 5, the Secretary received from Dr. M. R. Trumbower, State Veterinarian, and from Dr. Bartlett, chairman of the Live Stock Commission, a communication stating that malignant anthrax of a very virulent character had developed in Wayne, Edwards and Clay counties, along the "bottoms" of the Little Wabash river, and that horses, cattle, hogs and even dogs were dying with the disease and requesting that the Secretary should visit the locality together with themselves for the purpose of meeting the commissioners of the different counties, organizing the local and township boards of health and formulating such rules and regulations as might be deemed necessary for stamping out the disease.

In accordance with this request, meetings of those interested were held at Scott Station, Wayne county, Albion, Edwards county, Fairfield, Wayne county, and Louisville, Clay county. Township boards of health were organized in Wayne and Clay counties; and, in Edwards county, which is without township organization, the county commissioners organized as a board of health and appointed health officers and sanitary police in every school district.

The following rules were drafted and placed in the hands of the several local boards:

SANITARY REGULATIONS.

1. All dead domestic animals shall at once be cremated by the owner.
2. No dead domestic animal shall be removed from the premises of the owner or removed further on the premises of the owner than is necessary for the purpose of cremation without the written permission of the health officers.
3. All animals suffering from disease should be separated from others and should be so placed that in case of death they may be cremated without further removal.
4. No diseased animals shall be permitted to run at large, or be driven upon the highway, or be removed from the premises of the owner without the written consent of the health officer.
5. It shall be the duty of the owners of domestic animals, either in person or by their agents, to inspect their animals daily, caring for all afflicted and disposing of all dead ones in the manner prescribed in Rules 1 and 3. In case the owner of any animal dying fails to cremate the same as provided in Rule 1, the sanitary police shall do so at the expense of the owner.
6. The violation of any of the foregoing provisions, or any interference with the officers appointed to enforce the foregoing rules, shall be punishable by a fine not to exceed one hundred dollars (\$100), to be recovered before any court of competent jurisdiction.

In addition to the above rules, the following sanitary instructions, suggested by the Secretary, were distributed throughout the affected district by the local health officers.

SANITARY INSTRUCTIONS.

The district officers should make their reports each week and include in their report of dead and diseased animals the names of the owners, with, as nearly as possible, the history of the disease from its first appearance and its course to the present time, on each individual premises.

No reports will be considered except received in writing and properly signed by the district officer.

Any individual complaint must come to the health officer in writing and be signed by the complainant; and each person should consider it his duty to aid the officers in keeping watch that all proper precautions are taken and rules complied with. Where it becomes necessary to move dead

animals, prepare a drag or dugout. This can easily be made for the purpose from a few heavy bits of lumber and the animal rolled on to it. By wrapping the head with old cloths there would be no waste—else the entire track over which the animal is drawn should be spread with straw and burned over.

If it is necessary to house such animal, select a temporary building or straw-shed as far separate from others as possible, so that it may be disinfected or burned after use: and especially avoid placing animals in feed barns.

Should any animal die in a building, to disinfect the place, all loose material must be removed and the walls thoroughly whitewashed, the wash containing chloride of lime or carbolic acid.

No diseased animal should be allowed to drink from troughs, pails, ponds or streams where other animals drink: and we would especially call the attention of officers and citizens along the Little Wabash to the fact that animals go to drink while sick and fall in, thus rendering the river water unfit for any animal. When a carcass is found in the river it should be at once removed and burned.

In handling diseased or dead animals, great care should be used in avoiding infection: the hands should be protected by the use of rubber gloves or thoroughly bathed in carbolized oil (linseed or castor oil, with a teaspoonful of carbolic acid to the pint, will answer for this purpose). When done work, remove the oil with soap and water, then use carbolic acid in water or corrosive sublimate (two teaspoonfuls of carbolic acid or seven and one-half drachms of corrosive sublimate to the pint of water).

These rules and regulations were adopted by the local boards and rigidly enforced, with the result that there was almost an immediate decline of the disease, a diminution of the number of new cases, and, according to the latest reports, the disease has nearly ceased to exist.

During the prevalence of the scourge, seven persons were reported to have been inoculated and suffered from malignant pustule—in every case the result of skinning the carcasses of diseased animals which had died of anthrax. None of these cases proved fatal, though in at least two instances the issue was for a long time doubtful.

State Sanitary Survey:

In 1884 the STATE BOARD OF HEALTH inaugurated a sanitary survey of the State, with a view of disclosing and correcting sanitary defects and evils in cities and towns throughout the State and thus reducing the frequency and fatality of typhoid-fever, consumption, cholera morbus, cholera infantum, diarrhoea, dysentery, and many other diseases, and furnishing information upon which other sanitary work could be based. In furtherance of this work there were sent out last July blanks for the report of the sanitary inspection of houses and premises in all cities and towns of over 1,000 population, with a circular letter urging the importance of the work and giving instructions as to the manner of conducting such inspections and filling up the returns.

Up to the present time no reports of the progress of the work have been received. On September 8th, therefore, the Secretary drafted and sent to the mayors or presidents of the boards of trustees of the cities and towns to which the blanks had been sent, the following circular letter:

To the Mayor or President of the Village Board:

Early in July there were sent to every city and village in the State of over 1,000 population, blanks to be used in making a sanitary survey and with them a circular letter, signed by the late Secretary of the BOARD, setting forth the object and advantages of a thorough and systematic house-to-house inspection. Will you kindly inform this office whether the work has been begun? If not, will you urge upon your local authorities its immediate importance?

It is a simple, direct and reliable method of locating nuisances and other unsanitary conditions and will in many cases result in their abatement or correction by the householder—his attention being called to them by the sanitary inspector. If not, the local authorities should enforce such abatement or correction.

Such inspection thoroughly done, followed by the abatement of all nuisances and the correction of all unsanitary conditions found, would insure an immunity from typhoid fever, as well as cholera morbus, cholera infantum, dysentery, diarrhoea and kindred diseases, and a consequent saving of human suffering and human life, which would—taking only the most sordid view—many times repay its cost.

Special mention is made of typhoid fever in this connection because many localities in the State have suffered from the disease during the past year; because it is peculiarly a filth disease caused by unsanitary surroundings and a contaminated water supply; and because it is one of several diseases that can be entirely prevented by the establishment of proper sanitary conditions. Such being the case, official negligence is a crime against the public.

A careful compilation of the reports will be invaluable from a sanitary standpoint and is an important part of the work which the STATE BOARD OF HEALTH has in contemplation.

When the inspection of your city or village has been completed, please notify this office and blanks will be sent you on which to make your report in the form of a "tabular statement" which will be published in condensed form in the BOARD's report for 1893, in which credit will be given to whom it is due.

Very respectfully yours,

J. W. SCOTT, M. D.,
Secretary.

Charters of Medical Companies and Institutes:

In accordance with an understanding with the office of the Secretary of State—that the Secretary of the BOARD should be notified whenever an application was filed for a charter granting the right to treat diseases, to prescribe and dispense medicine or to organize and conduct a medical institution of any kind—it was reported to the Secretary, on August 12, that such an application had been filed to incorporate "The London Polyclinic" and "The Challoner Remedy Company"—the avowed objects of the proposed corporations being the treatment of diseases, the prescribing and dispensing of medicines, the performance of surgical operations, etc.

After examination of the applications, the following letter of protest was sent to the Secretary of State and by him referred to the Attorney General—the issuing of the charters being deferred, pending his opinion: No. 51705.

SPRINGFIELD, ILL., August 12, 1893.

DEAR SIR:—It has come to my notice, that applications have been filed in your office for charters for proposed corporations to be known as the "London Polyclinic" and the "Challoner Medicine Company."

A careful reading of the statements filed by the proposed incorporators of these companies leads me to protest against that incorporation upon the ground that the object for which the incorporations are asked are not specific enough to comply with the statute and upon the further ground that the incorporation of such companies paves the way to a wholesale violation of the provisions of the Medical Practice Act. And I would respectfully ask that before charters are issued to said companies, the question as to the legality for incorporating companies for "the treatment of diseases," the "manufacture, compounding and sale of medicine and the prescribing and dispensing of medicine," (some of the objects named in the statement above referred to) be referred to the Attorney General.

Very respectfully yours,

J. W. SCOTT, M. D.,
Secretary. P.

Hon. W. H. Hinrichsen, Secretary of State.

On August 24, the following opinion was received by the Secretary from the office of the Attorney General:

SPRINGFIELD, ILL., August 24, 1893.

HON. W. H. HINRICHSSEN, *Secretary of State*:

DEAR SIR:—Your communication of the 12th inst., transmitting to this office the protest of the STATE BOARD OF HEALTH against the incorporation of the so-called "London Polyclinic" and the "Challoner Remedy Company," has been received.

Upon such examination as we have been able to give the matter of the protest of the STATE BOARD OF HEALTH against the incorporation of these companies, we are inclined to the opinion that the protest should be sustained. We are of the opinion that the incorporation of companies for the treatment of disease, etc., and the prescribing and the dispensing of medicines are of doubtful expediency and should not be encouraged. We advise you, therefore, to withhold the license until you are compelled to issue it by the judgment and order of a competent court.

Our reasons for these conclusions are that for the treatment of diseases and the practice of surgery, none but persons learned in these professions and licensed under the law are permitted to act. The same applies to the prescribing and dispensing of medicines. This appertains expressly to the profession of the physician, of the surgeon and of the apothecary, which are classified among the learned professions. Under the law we fail to see how a corporation can be licensed to practice one of these professions in the State of Illinois, and to grant a franchise for this purpose we regard equivalent to granting a license.

Yours truly,

MAURICE T. MALONEY,

Attorney General.

By H. L. N., Asst.

There can be no doubt that this matter will be contested by these or other companies in the courts. Should the decision of the Supreme Court be against the legality of such charters, the Secretary is advised that it will then be in order for the STATE BOARD OF HEALTH to begin *quo warranto* proceedings against companies operating under similar charters and compel them to show the authority under which they are conducting their institutions. The object of this protest—not only to stop the issuing of such charters in the future, but to annul those already in existence—would then be attained.

The Secretary calls the attention of the BOARD to the manner in which charters are granted to medical colleges in this State as well as in most other States in this country. In the New York Medical Record of July 29, appeared the following item:

"The Board of Regents of the University of the State of New York have recently revoked the charters of the 'College of Midwifery of the City of New York' and the 'College of Massage,' two institutions under the same management."

Under the New York law no charter is granted to any educational institution until the application has been examined and passed upon by the Board of Regents of the State University, they prescribing the requisites and conditions for such incorporation and having the right at any time to amend or revoke such charter for cause.

It would appear that the first step in bringing about that advancement in medical education, toward which the STATE BOARD has been persistently working for many years, is the establishment by law of such a source, from which charters for all medical colleges and institutions should issue—a board vested with power to prescribe the requisites and conditions for the incorporation of such institutions: the right to visit, to scrutinize and supervise their conduct and to amend or revoke their charters for cause, in their discretion.

The present method of issuing charters in this State direct from the Secretary of State is entirely a routine work and articles of incorporation are issued to any person making an application, upon the payment of a certain specified fee, without any discretionary power, or, even if such power existed, without any one qualified to exercise it.

In order to illustrate the practical workings of this method of granting charters, the Secretary presented the application of the "German Homeopathic Medical College of Chicago," upon which application a charter was granted said college, conferring all the powers and rights prayed for in the application. Under this charter the institution has, it is charged, granted the degree of M. D., and issued its diplomas to residents of Germany, who have never been in America and who have no medical education whatever. Two of the parties to whom such diplomas are said to have been issued are named—a Mr. Arnold Schligel, of Einsiedeln, Switzerland, the proprietor of a boarding house and beer saloon; and one Gust Adolph Schmitz, of Cologne, Germany, a barber. Neither of these persons ever attended a day's lectures at the "German Homeopathic Medical College of Chicago," and it is entirely unnecessary that they should have done so, as the application upon which the charter was issued states that the incorporators may "issue diplomas and all kinds of degrees and honorary degrees for same, in present or absent."

The Secretary urged the necessity of legislation on this subject similar to that of New York and suggested that the Board of Trustees of the State University would probably be the most suitable and competent board now in existence to carry out the provisions of such proposed legislation.

Foreign Diplomas:

The BOARD has the following well established rule, to-wit, that it will recognize no foreign diploma as the basis for a State certificate that does not confer upon its possessor the right to practice medicine in the country in which it was granted. The possessor of an Austrian, German, Russian, or Swiss diploma, wishing to practice in Illinois, must pass an examination in medicine before the BOARD, unless he has passed the government examination in the country in which he received his diploma.

Charges of irregularities in obtaining the State certificate by Russian applicants led the late Secretary to refer certain applications to Dr. Thilo, with the request that, if possible, he would determine the value of the Russian documents. Dr. Thilo reported that he had written the Russian consul, asking information as to the "Feldscher certificate," issued by Russian universities. The consul replies "that a Feldscher is a physician's scholar; that the word cannot be translated to mean assistant physician; that the degree is in no sense a scientific degree; that feldschers are allowed to be called surgeon's assistants only after twenty years of service; that their proper business is to cut, to leech, etc."

Dr. Thilo also advised that when a Russian presents a certificate instead of a diploma or a copy of a diploma, the document should not be accepted unless legally accredited by the United States Embassy at St. Petersburg, or by one of the United States consulates in Russia. The report of Dr. Thilo has been referred to the Secretary for his guidance in applications for State certificates based on Russian diplomas.

In order finally and officially to settle the question of the value of the "Feldscher certificate" a letter has been addressed to the rector of each of the Russian universities asking whether the university issues "Feldscher certificates," and if so, what is their legal value. Inquiry has also been made as to the genuineness of the claims made by thirteen certificated physicians of this State that they are graduates of certain foreign universities.

Further information has also been sought from, and is promised by the Hon. A. D. White, U. S. Minister to St. Petersburg, and the Secretary requests that no final action be taken in the matter of the recognition of "Feldsher certificates" until the information promised and the replies to the letters sent to the Russian authorities have been received.

At the conclusion of the reading of the Secretary's report, on motion of Dr. Griffith, all questions concerning the granting of charters by the State to institutions of learning, medical and otherwise, suggested by the Secretary, were referred to the committee On the Revision of the STATE BOARD OF HEALTH and Medical-Practice Acts.

It was ordered, on motion of Dr. Stevenson, that the Secretary formulate a circular-letter concerning small-pox and vaccination—particularly the rule of the BOARD relating to the vaccination of school children—and distribute the same to persons in authority within the jurisdiction of the BOARD.

It was ordered, on motion of Dr. Griffith, that all matters appertaining to the State Sanitary Survey and to the collection of vital statistics, be referred to the Committee On the Revision of the STATE BOARD OF HEALTH and Medical-Practice Acts.

Reports of Committees and Action Thereon:

Under the call for reports of standing and special committees the Committee On the Administration of the Medical-Practice Act, through its chairman, Dr. Quine, presented the following report:

The Cornell College of Mt. Vernon, Ia.

This college applies for recognition as an accredited college whose graduates from the science course shall be accepted as medical students who have studied medicine two years and attended one course of lectures. The application is based on the claim that the Cornell College is abreast of institutions already approved by this BOARD in respect to thoroughness of curriculum.

Your committee finds that the claim is well founded; but, instead of recommending that the Cornell College be added to the list of accredited institutions, respectfully directs attention to the fact that there is not a university in the land which recognizes in any way the medical colleges endorsed by this BOARD. Your committee freely admits that a thorough science course is an important part of a medical education, but it also insists that a thorough medical education is entitled to recognition as embracing many of the elements of a science course. A literary institution that is honored by this BOARD must honor the medical profession by honoring medical colleges approved by this BOARD.

In view of these considerations your committee respectfully moved the following:

Resolved, That the ILLINOIS STATE BOARD OF HEALTH hereafter accept the graduates from the science course of colleges and universities maintaining a satisfactory science course, as medical students who have studied medicine two years and attended one course of lectures: *Provided*, that said colleges and universities permit their students to take the last year of the science course in a medical school recognized by this BOARD.

The resolution, duly moved and seconded, was unanimously adopted.

On the report of Dr. Kohl, appointed a special committee to investigate the St. Louis Hygienic College of Physicians and Surgeons, it was

Ordered, That the Hygienic College of Physicians and Surgeons of St. Louis, Mo., be classified among those colleges whose graduates are required to pass an additional examination in the principal branches.

On the report of the committee On the Administration of the Medical-Practice Act it was

Ordered, That the diplomas of the Physio-Medical College of Chicago be not accepted as a title to license to practice medicine and surgery in the State.

That every graduate of the College applying for such license be required to sustain satisfactory examinations in every branch embraced in a thorough college curriculum before such license is granted.

On the report of the same committee it was

Ordered, That the Harvey Medical College of Chicago is not deserving of the approval of this BOARD, and that every graduate of the College be required to pass the maximum examination of the BOARD as a condition precedent to authority or license to practice medicine and surgery in this State.

On the report of the same committee it was

Ordered, That in view of the high standing and purposes of the gentlemen composing the faculty of the Hering Medical College of Chicago, and in order that they may have reasonable time to complete their educational arrangements, action determining the status of said College be postponed till the next April meeting of this BOARD.

Dr. B. M. Griffith, chairman, and Dr. Julius Kohl, of the special committee of investigation of the National Homeopathic Medical College of Chicago, submitted a report of the results of their investigation, but without recommendation. Dr. J. A. Vincent submitted a minority report, conditionally favoring the recognition of the college.

Dr. Griffith moved that the special committee be discharged from further consideration of the case, and that it be referred to the Committee On the Administration of the Medical-Practice Act. It was so ordered. On motion of Dr. Kohl, action on the status of said college was deferred until the April, 1894, meeting of the BOARD.

Miscellaneous Orders and Action:

Defining the recognition to be given, by colleges recognized by this BOARD, to students applying for advanced standing in such institutions upon one or more courses of lectures in other medical colleges, it was, upon motion of Dr. McFatrigh,

Ordered, That students from one recognized college applying for admission to another recognized college may be credited for the branches already completed and admitted without examination.

That a student from a college that is not recognized applying to a recognized college shall be required to pass an examination in all branches taught in the courses below the course which he seeks to enter.

Upon motion of Dr. Griffith, the BOARD reconsidered its action, taken at the April, 1893, meeting, declining to issue a State certificate to Dr. G. S. Wilson, of Nokomis,* and, upon motion of Dr. McFatrigh, seconded by Dr. Stevenson, the Secretary was directed to issue to Dr. Wilson the State certificate entitling him to practice medicine and surgery in Illinois.

On motion of Dr. McFatrigh, Rule 4 of the rules to determine the good standing of legally chartered medical institutions, adopted by the BOARD July 27, 1892, was rescinded. The rule read as follows:

RULE 4. Any medical institution which is not recognized by the American Medical College Association, or by the American Institution of Homoeopathy, or by the National Eclectic Medical Association, or by the American Association of Physio-Medical Physicians and Surgeons, as the case may be, shall be declared and held to be not in good standing for the purpose of the Illinois Medical Practice Act.

Dr. Griffith moved that the action of the BOARD at its July, 1893, meeting, adopting a resolution denying recognition of the diplomas of the Kentucky School of Medicine as a basis upon which the State certificate should issue, be reconsidered. It was so ordered and, in accordance with a previous arrangement, Dr. Wathan, Dean of the Kentucky School of Medicine, was presented to the BOARD by Dr. Griffith and accorded a hearing.

At the conclusion of Dr. Wathan's remarks, on motion of Dr. Griffith, the resolution was laid upon the table.†

Answering an inquiry submitted by Dr. A. Brianza, of Chicago, the BOARD ruled that a graduate of an ophthalmic college or of any college exclusively for the education of opticians had not the right to use mydriatics in practice.

Concerning the practice of medicine by students the following preamble and resolutions were unanimously adopted:

WHEREAS, The act to regulate the practice of medicine in the State of Illinois makes no provision for the practice of medicine under a preceptor; and

WHEREAS, Any one practicing medicine under a preceptor does so in violation of the law and is liable to prosecution and fine; and

WHEREAS, No one could practice under a preceptor without the knowledge and consent of of his so-called preceptor; therefore, be it

Resolved, That any physician who acts as, claims to be, or allows it to be claimed that he is, the preceptor of any person who has engaged in the practice of medicine without the State certificate thereby becomes a party to such violation and is guilty of unprofessional and dishonorable conduct within the meaning of the act; and, be it further

Resolved, That persistence in such action would justify the revocation of the State certificate.

In the matter of Stanislaus L. Wysezynski, the action of the Secretary in revoking his provisional certificate and notifying

* See Quarterly Meeting, April, 1893—page XV, *ante*.

† See Quarterly Meeting, July, 1893—page XXIII, *ante*.

him to discontinue the practice of medicine under penalty of prosecution for violation of the Medical-Practice Act, was approved and confirmed.

The committee appointed to confer with the State Board of Contract Commissioners, with reference to printing the Reports of the BOARD for 1889, 1890, 1891 and 1892 and the Report on Medical Education for 1893, reported that authority had been obtained to print two volumes of 300 pp. each. One volume will include the Annual Report for 1889, 1890 and 1891, and the Report on Zymotic Diseases in Chicago; the other volume will include the Annual Report for 1892 and the Report on Medical Education for 1893.

The granting of this permission by the Board of Contract Commissioners was found to be entirely discretionary and the question purely one of expense. It was necessary, therefore, to condense the matter as much as possible. The committee is convinced, however, that the two volumes will include all of the reports that should be printed.

The report of the committee was accepted and it was ordered, by a unanimous vote, that the Secretary be authorized to employ such assistance in compiling and publishing the back reports of the BOARD as he may find necessary.

FINANCIAL STATEMENT
OF THE
ILLINOIS STATE BOARD OF HEALTH,
FOR THE
FISCAL YEAR ENDED SEPTEMBER 30, 1893.

State Board of Health—Dr.

<i>To State Treasurer:</i>		
Balance of regular appropriations, October 1, 1892	\$7,260 78	
Balance of contingent fund, October 1, 1892	7,165 83	
Regular appropriations, July 1, 1893, for ensuing fiscal year	9,000 00	
Contingent fund, July 1, 1893 (for two years)	10,000 00	
		\$33,426 61
<i>To Treasurer of the Board:</i>		
Balance on hand, October 1, 1892	\$2,787 94	
Office receipts for the year ended September 30, 1893	4,146 00	
		6,933 96
		<u>\$40,360 57</u>

State Board Health—Cr.

By payments on all accounts as per itemized statement	\$16,252 06	
By unexpended balance of regular appropriations, September 30, 1893	6,655 97	
By unexpended contingent fund, September 30, 1893	10,000 00	
By unexpended balance in hands of Treasurer of the BOARD	2,921 66	
By unexpended balances lapsed into the State Treasury*	4,530 88	
		<u>\$40,360 57</u>

ITEMIZED STATEMENT OF EXPENDITURES
OF THE
ILLINOIS STATE BOARD OF HEALTH,
FOR THE

FISCAL YEAR ENDED SEPTEMBER 30, 1893.

Clerical services	\$4,668 75	
Salary of Secretary	3,000 00	
Immigrant inspection service at Chicago	2,120 95	
Expenses attending meetings, making sanitary and other investigations	1,503 53	
Printing and stationery	779 00	
Extra compensation of Secretary (Dr. Reilly) by vote of the BOARD	750 00	
Services of messengers and janitor service	566 09	
Services of Secretary <i>re</i> Medical Practice Act	519 17	
Services of sanitary experts	345 00	
Legal services and costs of suits	280 50	
Examinations of midwives	268 00	
Postage	239 66	
Preparing report on Medical Education	200 00	
Preparing report on Zymotic Diseases in Chicago (sanitary exhibit, World's Columbian Exposition)	200 00	
Medical and sanitary books, journals and papers	197 88	
Expenses <i>re</i> sanitary exhibit, World's Columbian Exposition	143 42	
Expressage	114 67	
Telegrams	105 04	
Services, investigations of medical colleges	70 00	
Telephone rent and toll	48 35	
Ice	30 50	
Translations of foreign documents	21 50	
Incidental office expenses	20 40	
Vaccine virus, \$53.75, less rebate of \$39.10	14 65	
Fees remitted and returned	13 00	
Laundry, office towels	10 00	
Dues, Conference of Examining and Licensing Boards	2 00	
		<u>\$16,252 06</u>
Total expenditures from regular appropriations	\$9,327 61	
Total expenditures from contingent fund	2,912 15	
Total expenditures from office receipts	4,012 30	
		<u>16,252 06</u>

* Unexpended balance of regular appropriations, \$277.20; unexpended balance of contingent fund, \$4,253.68.

REPORT OF THE TREASURER
OF THE
ILLINOIS STATE BOARD OF HEALTH,
FOR THE
FISCAL YEAR ENDED SEPTEMBER 30, 1893.

To the President and Members of the Illinois State Board of Health:

GENTLEMEN:—Your Treasurer begs leave to present the following report of receipts and disbursements for the last fiscal year, ended September 30, 1893:

General Account, Dr.

Balance to credit of general account, October 1, 1892.....	\$2,787 96
Received from the Secretary, office receipts for the fiscal year ended September 30, 1893	4,146 00
Total accountability.....	\$6,933 96

General Account, Cr.

Amounts paid by order of the BOARD, on vouchers duly audited, approved and on file, for indebtedness accrued during the fiscal year ended September 30, 1893:

Extra compensation of Secretary (Dr. Reilly), by vote of the BOARD.....	\$750 00
Clerical services.....	638 25
Services of Secretary <i>re</i> Medical-Practice Act.....	519 17
Printing and stationery.....	298 65
Examination of midwives.....	268 00
Services of sanitary experts.....	260 00
Expenses making sanitary and other investigations	219 30
Preparing Report on Medical Education.....	200 00
Preparing Report on Zymotic diseases in Chicago (Sanitary Exhibit, World's Columbian Exposition).....	200 00
Medical and sanitary books, journals and papers	197 83
Legal services and costs of suits.....	130 00
Expenses <i>re</i> sanitary exhibit, World's Columbian Exposition.....	120 00
Services, investigations of medical colleges.....	70 00
Postage.....	36 00
Ice	30 50
Translations of foreign documents.....	21 50
Incidental office expenses.....	20 40
Fees remitted and returned	13 00
Laundry, office towels.....	10 00
Services of messengers and janitor.....	6 00
Dues, Conference of Examining and Licensing Boards.....	2 00
Telegrams.....	1 30
Telephone toll.....	35
Total expenditures.....	\$4,012 30
Balance, cash on hand, September 30, 1893.....	2,921 66
	\$6,933 66

All of which is respectfully submitted,

B. M. GRIFFITH, *Treasurer.*

Audited and approved:

J. B. MCFATRICH, {
GEORGE THILO, { *Auditing Committee.*

OFFICIAL REGISTER.

PHYSICIANS.

MEDICAL INSTITUTIONS REPRESENTED IN THE OFFICIAL REGISTER OF PHYSICIANS.

"BASIS OF ISSUE" OF THE STATE CERTIFICATE.

In order to reduce the bulk of the Official Register, and so to keep within the number of pages (300) prescribed by the statute, sundry data heretofore given are omitted or condensed in the following pages. The most important of these changes consists in the substitution of numbers for the titles of medical institutions, examining bodies and other authority for the issue of the State Certificate. These numbers—see column "Basis of Issue"—refer to the corresponding numbers in the following list of titles.

For example: The first name in the Register has, under the heading "State Certificate" and in the column "Basis of Issue," the number "30." This indicates that the basis of issue of the State Certificate was a diploma of the institution numbered "30" in the subjoined list of titles.

1. Academy of Medicine, Paris, France.
2. Albany Medical College, Albany, N. Y.
3. American Medical College, Cincinnati, O.
4. American Medical College, St. Louis, Mo.
5. Baltimore Medical College, Baltimore, Md.
6. Beaumont Hospital Medical College, St. Louis, Mo.
